

Welcome to

International Workshop: Decarbonizing the Transport Sector through Innovative Technologies

Wei-Shiuen Ng, Nikola Medimorec, Patrick Jochem

An Overview of COP26

01-12 NOV 2021
GLASGOW

COP26

IN PARTNERSHIP WITH ITALY

Marrakech Partnership Meeting

General information on COP 26

- Intent remains for **in-person COP**
- Exploring possibilities how technology & innovation can make COP more **resilience, safe and inclusive**
- Possibility of different forms of Pavilions

Glasgow Science Center (Green Zone)

UNFCCC: WHAT CAN WE DO?

FIRST: PLUG THE AMBITION GAP

With the right recognition and focus, COP26 has the potential to break down the traditional firewall between intergovernmental negotiations and real economy progress, and between mitigation and adaptation efforts, to reinforce the value of the [ambition](#) loop that can be generated by driving progress on both fronts.

SECOND: ENSHRINE THE FUTURE OF GLOBAL CLIMATE ACTION

COP26 can define the 'Future of Global Climate Action', creating an improved infrastructure for the Marrakech Partnership to support ongoing NSA work to drive Sector Breakthroughs, and the efforts of the UK Presidency to drive real economy progress through its COP26 sectoral campaigns and overall focus on [collaboration](#) as a key theme of the COP.

COP 26 MP Programme Schedule (*Tentative*)

Marrakech Partnership Events at COP 26
