

## COP28 PRESIDENCY'S FLAGSHIP TRANSPORT EVENT:

### Putting Transport and Mobility Systems on Track for a 1.5°C Future

6 December 2023 | 17:45 - 19:15 | Al Waha Theater | [Webcast](#)

**Organized by:** COP28 Presidency | **Delivery Partners:** Air Transport Action Group (ATAG), International Transport Forum, SLOCAT, UN High-Level Climate Champions Team

A just transition to equitable, healthy, green, and resilient transport and mobility systems is central to socio-economic prosperity for people and the planet. To achieve this, systemic transformations in transport and mobility – linked to wider socio-economic transformations – are needed. The world experienced significant challenges and major crises in recent years, including the impacts of the COVID-19 pandemic; this was followed by global economic downturn, further disruption of supply chains and the ongoing energy crisis. These wide-ranging crises have put the already-elusive progress made in the transport sector towards the Paris Agreement at increased risk. In a world of interconnected challenges, the opportunity lies in finding solutions for systemic transformation that cut across transport, sustainability and climate action. Integrated, inter-modal multi-dimensional solutions across passenger and freight transport remains critical to deliver on such cross-cutting solutions.

#### Objectives

- Facilitate a multi-stakeholder dialogue to interrogate the most critical issues, challenges and showcase solutions for aviation, land and maritime transport.
- Draw links and continue the conversation from the Global Climate Action event in the morning, providing policy makers with an opportunity to respond to ambition and issues raised by non-Party stakeholders.

#### Provisional programme

<b>17:45-17:55</b>	<p><b>Welcome and scene setting: <i>Chartering a course to a sustainable, decarbonised transport for a 1.5°C Future</i></b>  <i>H.E. Dr. Nawal Al-Hosany, Permanent Representative of the UAE to IRENA</i></p>
<b>17:55-18:40</b>	<p><b>Putting transport and mobility systems on track with ambition and action</b>  <i>Moderator: Mr. Mohamed Hegazy, Transport Lead, UN High-Level Champions Team</i></p> <p><i>Ms. Johannah Christensen, CEO, Global Maritime Forum</i>  <i>Eng. Mohammad Jamal Alsaati, Special Adviser to the President, Islamic Development Bank</i>  <i>Dr. Young Tae Kim, Secretary-General, International Transport Forum</i>  <i>Mr. Felipe Ramirez, Urban Mobility Director, WRI Ross Center for Sustainable Cities</i>  <i>Mr. Rizwan Soomar, CEO &amp; MD, MENA &amp; India Subcontinent, DP World</i>  <i>Ms. Bronwen Thornton, CEO, Walk21   PATH</i></p>
