

INVITATION

Sustainable Transport in the Cities of the Future Recommendations for Rio+20

FREE half day workshop Tuesday 19th July 2012, 09h30 – 14h00

Venue: FETRANSPOR, Rua da Assembléia, 10, 39^o andar, Centro, Rio de Janeiro

The International Union of Railways (UIC), International Association of Public Transport (UITP) and the Association of the European Rail Industry (UNIFE) would like to invite you to a **free** half day workshop at Fetranspor, the federation of bus passenger transport companies in the state of Rio de Janeiro.

Programme

The workshop will provide an expert view from leading practitioners in the field of sustainable mass transport and provide a broad discussion with the various stakeholders on sustainable transport in the context of Rio+20. With this workshop we hope to be able to offer an attractive vision of future urban mobility.

The event will feature:

- An overview from the UN on the latest developments in the build up to Rio+20.
- High level panel discussion with representatives from leading practitioners on the future of urban mobility, based on high quality sustainable mass transit.
- Practical examples of sustainable mobility projects and lessons learned from mass transit operators and industry with a particular focus on delivering sustainable urban mobility projects in Latin America.

Just as importantly, there will also be a space for you to share your views and comments with high level officials, delegates and sustainable transport operators in the context of Rio+20.

Refreshments and a light lunch will be served.
