# Challenges and opportunities for MRV in urban t-NAMAS

## ■ Perspectives' experiences

- TRANSPerú NAMA, NAMA Freight Colombia, Vehicle fleet modernisation NAMA El Salvador

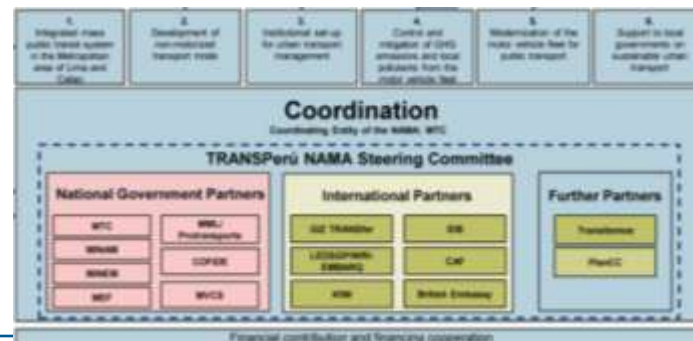

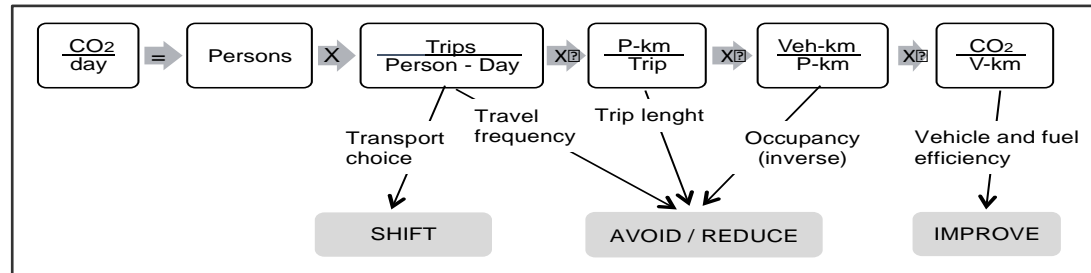

## ■ Challenges

- **Dispersed** GHG emission sources, with different behaviours/ patterns
- **Complexity** of transport-related MRV in the **CDM**
- Risk of **double counting**

## ■ Opportunities

- Follow the **A-S-I principle**
- **Group MRV in systems** in order to apply methodologies appropriate for each type of transport
- Ensure a **robust institutional setup** for MRV
