Climate Change and Transport

Sustainable Development processes

- **Critical year in the 2030 Agenda global review cycle**
 - **HLPF under ECOSOC** (Theme: *Empowering people and ensuring inclusiveness and equality*) → SDGs 4 (Quality Education), 8 (Decent Work and Economic Growth), 10 (Reduced Inequalities), 13 (Climate Action), 16 (Peace, Justice and Strong Institutions), and 17 (Partnership for the Goals)
 - **HLPF under UNGA** (SDG Summit) → high-level opportunity to reinvigorate member states' commitments
- Regional Forums on Sustainable Development (RFSDs) - lead up to HLPF in July
- EGMs on each SDG under review (invite only)
- **Voluntary National Reviews (VNRs)**
 - Member states-led national process for reviewing progress on implementation of the 2030 Agenda
 - More transport stakeholders should engage

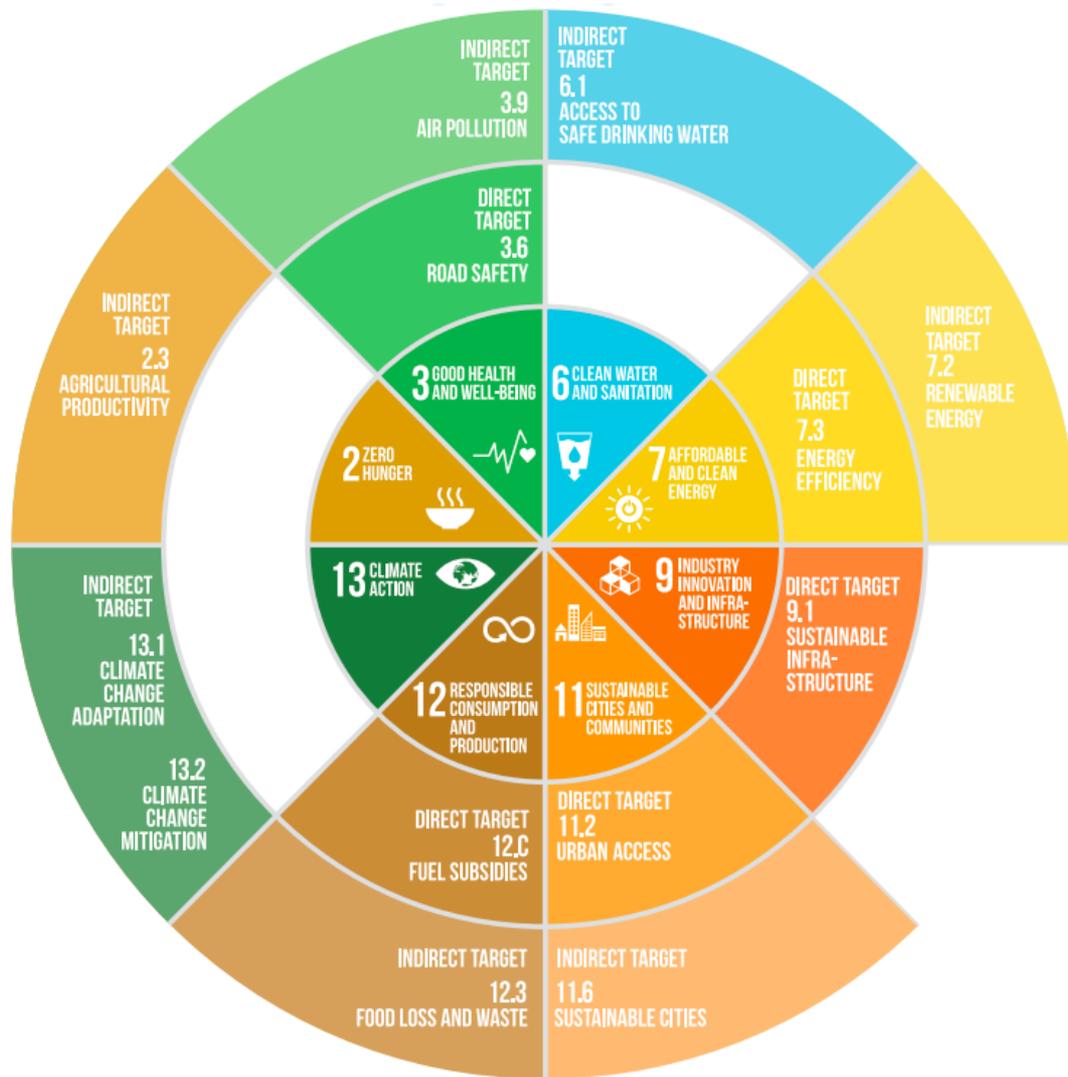

Climate processes

- Until March 2020 ***political window of opportunity*** to influence next generation of Nationally-Determined Contributions (NDC)
- **Principles of NDC's**
 - Objectives will be achieved over time
 - Increasing aggregate and individual progression/ambition over time
 - Mandatory 5 year cycle of NDCs (2020, 2025)
 - Feedback Mechanism - Synthesis report/Dialogue/Global Stocktake
- UNFCCC process but many others
- **Importance of implementation**
